Special Federal Program Notices

The Small Business Innovative Research Program - SBIR Program

The Small Business Innovation Research (SBIR) program is a highly competitive program that encourages domestic small businesses to engage in Federal Research/Research and Development (R/R&D) that has the potential for commercialization. Through a competitive awards-based program, SBIR enables small businesses to explore their technological potential and provides the incentive to profit from its commercialization. By including qualified small businesses in the nation's R&D arena, high-tech innovation is stimulated and the United States gains entrepreneurial spirit as it meets its specific research and development needs.

SBIR Mission and Program Goals

The mission of the SBIR program is to support scientific excellence and technological innovation through the investment of Federal research funds in critical American priorities to build a strong national economy.

The program's goals are four-fold:

- Stimulate technological innovation
- Meet Federal research and development needs.
- Foster and encourage participation in innovation and entrepreneurship by socially and economically disadvantaged persons.
- Increase private-sector commercialization of innovations derived from Federal research and development funding.

SBIR-Participating Agencies

Each year, Federal agencies with extramural research and development (R&D) budgets that exceed \$100 million are required to allocate 2.5 percent of their R&D budget to these programs. Currently, eleven Federal agencies participate in the program:

- [Department of Agriculture](#)
- Department of Commerce - [National Institute of Standards and Technology](#)
- Department of Commerce - [National Oceanic and Atmospheric Administration](#)
- [Department of Defense](#)
- [Department of Education](#)
- [Department of Energy](#)
- [Department of Health and Human Services](#)
- [Department of Homeland Security](#)
- [Department of Transportation](#)
- [Environmental Protection Agency](#)
- [National Aeronautics and Space Administration](#)
- [National Science Foundation](#)

Each agency administers its own individual program within guidelines established by Congress. These agencies designate R&D topics in their solicitations and accept proposals from small businesses. Awards are made on a competitive basis after proposal evaluation.

Three-Phase Program

The SBIR Program is structured in three phases:

Phase I. The objective of Phase I is to establish the technical merit, feasibility, and commercial potential of the proposed R/R&D efforts and to determine the quality of performance of the small business awardee organization prior to providing further Federal support in Phase II. SBIR Phase I awards normally do not exceed \$150,000 total costs for 6 months.

Phase II. The objective of Phase II is to continue the R/R&D efforts initiated in Phase I. Funding is based on the results achieved in Phase I and the scientific and technical merit and commercial potential of the project proposed in Phase II. Only Phase I awardees are eligible for a Phase II award. SBIR Phase II awards normally do not exceed \$1,000,000 total costs for 2 years.

Phase III. The objective of Phase III, where appropriate, is for the small business to pursue commercialization objectives resulting from the Phase I/II R/R&D activities. The SBIR program does not fund Phase III. Some Federal agencies, Phase III may involve follow-on non-SBIR funded R&D or production contracts for products, processes or services intended for use by the U.S. Government

Department of Homeland Security - FEMA

Fiscal Year (FY) 2016 Cooperating Technical Partners (CTP) Program - Region 1

Modifications 1 & 3

Document Type:	Grants Notice
Funding Opportunity Number:	DHS-16-MT-045-01-01
Funding Opportunity Title:	Fiscal Year (FY) 2016 Cooperating Technical Partners (CTP) Program - Region 1
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Science and Technology and other Research and Development
Category Explanation:	
Expected Number of Awards:	4
CFDA Number(s):	97.045 -- Cooperating Technical Partners
Cost Sharing or Matching Requirement:	No
Posted Date:	Mar 25, 2016
Last Updated Date:	Mar 31, 2016
Original Closing Date for Applications:	Jun 10, 2016
Current Closing Date for Applications:	Jun 10, 2016
Archive Date:	Jul 10, 2016
Estimated Total Program Funding:	\$830,000

Eligible Applicants:

County governments
Others (see text field entitled "Additional Information on Eligibility" for clarification)
State governments
Native American tribal governments (Federally recognized)
City or township governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Public and State controlled institutions of higher education
Special district governments

Additional Information on Eligibility:**Agency Name:**

As approved by FEMA HQ
Department of Homeland Security - FEMA

Description:

"The Cooperating Technical Partners Program (CTP Program) exists to strengthen and increase the effectiveness of the National Flood Insurance Program (NFIP) through fostering strong Federal, State, Tribal, regional and local partnerships for the purposes of reducing flood losses and promoting community resiliency. The CTP Program may provide federal assistance, through a grant or cooperative agreement, to an eligible Cooperating Technical Partner (herein referred to as "CTP," "partner," or "grantee") to perform various projects and activities that stimulate and support the ability of NFIP State Coordinating Agencies and NFIP-participating communities (as defined in 44 CFR Part 59.1) to continue their ongoing regulatory NFIP responsibilities as well as support the ability of States, communities and the public and private sector to mitigate flood risk. The CTP Program seeks to enhance the existing capabilities of CTPs to increase local involvement in, and ownership of, the development and maintenance of flood risk data and products, such as the Flood Insurance Rate Maps (FIRMs) and other risk related products, as well as other support to advance the goals and objectives of the Risk Mapping Assessment and Planning (Risk MAP) program. Partnerships developed through FEMA's CTP Program are in the best interest of State and local communities, the NFIP and the public. CTPs may be able to perform activities related to program management, technical risk analysis and mapping, and communication of flood risk hazard data and information. Only qualified

partners of the CTP Program are eligible for federal assistance awards through the CTP Program. Recipients must: be a CTP (i.e., have a signed Partnership Agreement with FEMA HQ or a FEMA Regional Office); either be or represent a National Flood Insurance Program (NFIP) community in good-standing, or a FEMA-approved non-profit agency whose primary mission supports the goals and objectives of the NFIP; have existing non-Federally funded processes and/or systems in place to support the collection, development, evaluation, dissemination and communication of flood hazard and risk assessment data and mapping; have the capability to perform funded activities; demonstrate the ability to achieve the CTP Program performance metrics and provide timely and accurate reports to FEMA documenting performance and achievements; and, when applicable, agree to perform work in the Mapping Information Platform (MIP) and update the activities within the MIP every 30 days in the Studies Workflow (and more frequently within the Revisions Workflow). CTPs need to work with FEMA in advance of the application to understand FEMA program priorities, objectives and measures, and to identify specific tasks to undertake. In support of program objectives, FEMA may provide technical assistance, training, and/or data to a CTP to enhance the activities within the project categories. Any funds FEMA provides through a grant or cooperative agreement to complete project activities are in addition to the leveraged resources and data which may be provided by the CTP to complete the tasks agreed upon. When awarded a grant or cooperative agreement through the CTP Program in support of program objectives and to advance program measures, the CTP must comply with the requirements outlined in the announcement, the terms and conditions of the award, as well as the Partnership Agreement and the associated Statement of Work or Mapping Activity Statement approved by FEMA. These templates may be obtained from your granting organization, either the FEMA Region or FEMA Headquarters."

CFDA Number(s):	11.472 -- Unallied Science Program
Cost Sharing or Matching Requirement:	No
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Eligible applicants are individuals, institutions of higher education, non-profits, commercial organizations, state, local and Indian tribal governments. Federal agencies, or employees of Federal agencies, are not eligible to apply.
Agency Name:	Department of Commerce

Description:

The Gulf of Maine Distinct Population Segment of Atlantic salmon is one of the eight critically endangered species included in the “Species in the Spotlight: Survive to Thrive” initiative. This new initiative involves targeted efforts vital for stabilizing these species and preventing their extinction. We are soliciting competitive proposals for grants and cooperative agreements that work to address any of the four key actions identified in the Priority Action plan for Atlantic salmon. Total funding available under this notice is not anticipated to exceed \$300,000. Actual funding availability for this program is contingent upon FY 2016 Federal appropriations. Award amounts will be determined by the proposals and available funds; one or more awards may be granted.

USDA Programs and Services

Grants and Loans

Visit the Federal Trade Commission's Identify Theft Website

This FTC website to help you deter, detect, and defend against identity theft. You can learn how to avoid theft, or learn what to do if your identity is stolen.

Farm Loans

FSA makes direct and guaranteed farm ownership and operating loans to family-size farmers and ranchers who cannot obtain commercial credit from a bank, Farm Credit System institution, or other lender. FSA loans can be used to purchase land, livestock, equipment, feed, seed, and supplies. Loans can also be used to construct buildings or make farm improvements.

Housing Assistance

USDA provides homeownership opportunities to low- and moderate-income rural Americans through several loan, grant, and loan guarantee programs. The programs also make funding available to individuals to finance vital improvements necessary to make their homes decent, safe, and sanitary. USDA Multi-Family Housing Programs offer Rural Rental Housing Loans to provide affordable multi-family rental housing for very low-, low-, and moderate-income families; the elderly; and persons with disabilities. In addition, rental assistance is available to eligible families.

Rural Development Loan and Grant Assistance

USDA Rural Development forges partnerships with rural communities, funding projects that bring housing, community facilities, business guarantees, utilities and other services to rural America. USDA provides technical assistance and financial backing for rural businesses and cooperatives to create quality jobs in rural areas. Rural Development promotes the President's National Energy Policy and ultimately the nation's energy security by engaging the entrepreneurial spirit of rural America in the development of renewable energy and energy efficiency improvements. Rural Development works with low-income individuals, State, local and Indian tribal governments, as well as private and nonprofit organizations and user-owned cooperatives.

Beginning Farmers and Ranchers

USDA, through the Farm Service Agency, provides direct and guaranteed loans to beginning farmers and ranchers who are unable to obtain financing from commercial credit sources. Each fiscal year, the Agency targets a portion of its direct and guaranteed farm ownership (FO) and operating loan (OL) funds to beginning farmers and ranchers.

Crop and Livestock Insurance

USDA helps producers manage their business risks. The mission of USDA's Risk Management Agency (RMA) is to promote, support, and regulate sound risk management solutions to preserve and strengthen the economic stability of America's agricultural producers. As part of this mission, RMA operates and manages the Federal Crop Insurance Corporation (FCIC).

RMA has three divisions: Insurance Services, Product Management, and Risk Compliance. Seventeen private-sector insurance companies sell and service the policies. RMA develops and/or approves the premium rate, administers premium and expense subsidies, approves and supports products, and reinsures the companies. RMA also sponsors educational and outreach programs and seminars on the general topic of risk.

Federal State Marketing Improvement Program

This matching grant program, also known as FSMIP, provides matching funds to State Departments of Agriculture and other appropriate State agencies to assist in exploring new market opportunities for food and agricultural products, and to encourage research and innovation aimed at improving the efficiency and performance of the marketing system.

Specialty Crop Block Grant Program

The SCBGP funds can be requested to enhance the competitiveness of specialty crops. Specialty crops are defined as fruits and vegetables, tree nuts, dried fruits, and nursery crops (including floriculture).

The Farmers Market Promotion Program

The FMPP was created through a recent amendment of the Farmer-to-Consumer Direct Marketing Act of 1976. The grants, authorized by the FMPP, are targeted to help improve and expand domestic farmers markets, roadside stands, community-supported agriculture programs and other direct producer-to-consumer market opportunities.

Organic Cost Share Program

AMS administers two organic certification cost share programs. Each program provides cost share assistance, through participating States, to organic producers and/or organic handlers. Recipients must receive initial certification or continuation of certification from a USDA accredited certifying agent (ACA).

Resources

[Atlas of Rural and Small-Town America](#)[Food, Farm and Jobs Bill](#)[USDA Service Center Locator](#)

Rural and Community Development

Nearly 60 million Americans live in rural areas. The U.S. Department of Agriculture, through its [Rural Development](#) mission area, provides financial resources and support for rural communities, residents and businesses.

Affordable and Safe Housing

One of the three divisions of Rural Development, the Housing and Community Facilities Program, invests in providing safe, clean and modest living for those who live outside our urban centers. Whether it's through a loan or loan guarantee to purchase a home; loans and grants to provide necessary repairs; or even rental assistance and financing to build affordable apartment complexes for families or seniors - the housing program ensures that housing is available and affordable in rural communities. Since 2009, we've helped more than 625,000 rural families in more than 21,000 communities buy, repair or refinance a home, and provided funding for more than 1,000 housing developments.

Communities also need facilities that benefit the population. Whether it's a fire station or a food bank, a senior center, hospital or city hall, the Community Facilities loan and grant program can be a financial partner to help provide essential community services. Since 2009, Rural Development has financed nearly 8,000 community facilities projects. Among these projects are more than 900 education facilities, 475 libraries, more than 1,000 health care facilities, and more than 3,400 public safety facilities.

Learn more about [Community Facilities Direct Loan and Grant Programs](#) and [Community Facilities Guaranteed Loan Program](#).

Economic Development and Business Support

Through our [Business and Cooperatives Program](#), rural small businesses are given the financial tools to develop and succeed. We've helped save or create more than 375,000 rural jobs since 2009 and provided assistance to nearly 75,000 rural businesses and entrepreneurs. Our [Rural Energy for America Program](#) has helped generate an estimated 9.8 million megawatt hours of energy.

Many rural areas suffer from persistent poverty, and Rural Development has made a concerted effort to focus staff resources in 700 persistent poverty counties across the nation to promote economic development through our [Strike Force Initiative](#). We are also working on regional community development strategies, providing resources and facilitating cooperation between federal, state and private agencies to leverage economic investment in rural areas.

Infrastructure Investment

Our [Rural Utilities Service](#) provides critical infrastructure investments to help rural communities thrive. Whether it's water or wastewater, or broadband and telecommunications connectivity, or rural electrification, we help our rural communities build the foundation for long-term growth. Since 2009 we've invested in new and improved broadband service to nearly seven million rural residents, 364,000 rural businesses, and 32,000 community facilities, creating or saving more than 25,000 jobs in the process. Our water and environmental investments have helped safeguard the health of more than 20 million rural residents through more than 6,700 water and wastewater infrastructure projects.

Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	<p>1. An organization is eligible to receive a HWWS grant if it: a. Has an active registration with current information in the System for Award Management (SAM) and has a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number. b. Is a private, non-profit organization. c. Is legally established and located within one of the following: (1) A state within the United States (2) The District of Columbia (3) The Commonwealth of Puerto Rico (4) A United States territory. d. Has the legal capacity and authority to carry out the grant purpose. e. Has sufficient expertise and experience in lending activities. f. Has sufficient expertise and experience in promoting the safe and productive use of individually-owned HWWS and ground water. g. Has no delinquent debt to the federal government or no outstanding judgments to repay a Federal debt. h. Demonstrates that it possesses the financial, technical, and managerial capability to comply with Federal and State laws and requirements, and i. Is not a corporation that has been convicted of a felony (or had an officer or agent acting on behalf of the corporation convicted of a felony) within the past 24 months. Any Corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability is not eligible. 2. An individual is ineligible to receive a Household Water Well grant. An individual may receive a loan from an organization receiving a grant award.</p>
Agency Name:	Utilities Programs
Description:	<p>The HWWS Grant Program has been established to help individuals with low to moderate incomes finance the costs of household water wells that they own or will own. Eligible Grant Purposes a. Grant funds must be used to establish and maintain a revolving loan fund to provide loans to eligible individuals for household water</p>

well systems. b. Individuals may use the loans to construct, refurbish, rehabilitate, or replace household water well systems up to the point of entry of a home. Point of entry for the well system is the junction where water enters into a home water delivery system after being pumped from a well. c. Grant funds may be used to pay administrative expenses associated with providing Household Water Well loans.

Estimated Total Program Funding:	\$13,000,000
Award Ceiling:	\$500,000
Award Floor:	\$50,000
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	<p>1. Agricultural Business. A business entity that provides, holds, delivers, transports, offers, or sells agricultural products or services.</p> <p>2. Agricultural Cooperative. A group-owned or member-owned entity or business that provides, offers, or sells agricultural products or services for the mutual benefit of their members.</p> <p>3. Producer Network. A producer group- or member-owned organization or business that provides, offers, or sells agricultural products or services through a common distribution system for the mutual benefit of their members.</p> <p>4. Producer Associations. An organization or other business that assists, represents, or serves producers or a producer network.</p> <p>5. Community Supported Agriculture (CSA) Network. A formal group of farms that work collectively to offer consumers regular (usually weekly) deliveries of locally-grown farm products during one or more harvest season(s), often on a subscription or membership basis. Customers have access to a selected share or range of farm products offered by the group of farmers based on partial or total advance payment of a subscription or membership fee.</p> <p>6. CSA Associations. An organization or other business that assists or serves, represents, or services CSAs or CSA networks.</p> <p>7. Local Government. Any unit of government within a state, including a county; borough; municipality; city; town; township; parish; local public authority, including any public housing agency under the United States Housing Act of 1937; special district; school district; intrastate district; council of governments, whether or not incorporated as a nonprofit corporation under state law; and any other agency or instrumentality of a multi-, regional, or intra-state or local government.</p> <p>8. Nonprofit Corporations: Any organization or institution, including nonprofits with State or IRS 501 (c) status and accredited institutions of higher education, where no part of the net earnings of which inure to the benefit of any private shareholder or individual.</p> <p>9. Public Benefit Corporation. A</p>

corporation organized to construct or operate a public improvement, the profits from which inure to the benefit of a State(s) or to the people thereof. 10. Economic Development Corporation. An organization whose mission is the improvement, maintenance, development and/or marketing or promotion of a specific geographic area. 11. Regional Farmers Market Authority. An entity that establishes and enforces regional, State, or county policies and jurisdiction over State, regional, or county farmers markets. 12. Tribal Government. A governing body or a governmental agency of any Indian tribe, band, nation, or other organized group or community (including any native village as defined in section 3 of the Alaska Native Claims Settlement Act, 85 Stat. 688 (43 U.S.C. § 1602)) certified by the Secretary of the Interior as eligible for the special programs and services provided through the Bureau of Indian Affairs.

Agency Name:

Description:

Agricultural Marketing Service
Approximately \$13 million in competitive grant funds in fiscal year (FY) 2016 is available to be awarded through the Farmers Market Promotion Program (FMPP). The Farmers Market Promotion Program (FMPP) is a component of the Farmers Marketing and Local Food Promotion Program (FMLFPP), which is authorized by the Farmer-to-Consumer Direct Marketing Act of 1946, as amended (7 U.S.C. 3005). The goals of FMPP grants are to increase domestic consumption of and access to locally and regionally produced agricultural products, and to develop new market opportunities for farm and ranch operations serving local markets by developing, improving, expanding, and providing outreach, training, and technical assistance to, or assisting in the development, improvement, and expansion of domestic farmers' markets, roadside stands, community-supported agriculture programs, agritourism activities, and other direct producer-to-consumer market opportunities. Eligible entities include agricultural businesses, agricultural cooperatives, producer networks, producer associations, community supported agriculture networks, community supported agriculture associations, and other agricultural business entities (for-profit groups); nonprofit

corporations; public benefit corporations; economic development corporations; regional farmers' market authorities; and local and tribal governments. FMPP offers both Capacity Building (CB) and Community Development, Training, and Technical Assistance (CTA) projects. For CB projects, the minimum grant award is \$50,000 and maximum award is \$250,000. For CTA projects, the minimum grant award is \$250,000 and maximum award \$500,000. The official performance period must begin on September 30, 2016. Both CB and CTA FMPP projects are awarded for up to 36 months (3 years) and are expected to be completed by September 29, 2019. Matching funds are not required. FMLFPP will host a webinar on March 24, 2016, at 2 p.m. (Eastern Time) for FMPP applicants ([registration link](#)). In addition, FMLFPP will host [www.Grants.gov](#) webinars on March 22 ([registration link](#)) and March 29 ([registration link](#)), both at 2 p.m. (Eastern Time), to explain how to submit grant applications via [www.Grants.gov](#).

Agency Name:

Description:

Agricultural Marketing Service
Approximately \$13 million in competitive grant funds in fiscal year (FY) 2016 is available for award through the Local Food Promotion Program (LFPP). LFPP is a component of the Farmers Marketing and Local Food Promotion Program (FMLFPP), which is authorized by the Farmer-to-Consumer Direct Marketing Act of 1946, as amended (7 U.S.C. 3005). LFPP offers grant funds with a 25% match to increase domestic consumption of and access to locally and regionally produced agricultural products, and to develop new market opportunities for farm and ranch operations serving local markets, by: developing, improving, expanding, and providing outreach, training, and technical assistance to Local and Regional Food Business Enterprises, or assisting in the development, improvement, and expansion of Local and Regional Food Business Enterprises. Eligible entities may apply if they support local and regional food business enterprises that process,

distribute, aggregate, or store locally or regionally produced food products. Such entities may include agricultural businesses, agricultural cooperatives, producer networks, producer associations, community supported agriculture networks, community supported agriculture associations, and other agricultural business entities (for-profit groups); nonprofit corporations; public benefit corporations; economic development corporations; regional farmers' market authorities; and local and tribal governments. Two types of project applications are accepted under LFPP—planning grants and implementation grants. Applicants can apply for either but will receive only one type of grant in the same grant cycle. LFPP Planning Grants are used in the planning stages of establishing or expanding a local and regional food business enterprise. Activities can include but are not limited to market research, feasibility studies, and business planning. A minimum of \$25,000 and a maximum of \$100,000 will be awarded for any one proposal, and the grants must be completed within a 18 month period. LFPP Implementation Grants are used to establish a new local and regional food business enterprise, or to improve or expand an existing local or regional food business enterprise. Activities can include but are not limited to training and technical assistance for the business enterprise and/or for producers working with the business enterprise; outreach and marketing to buyers and consumers; and non-construction infrastructure improvements to business enterprise facilities or information technology systems. A minimum of \$100,000 and a maximum of \$500,000 will be awarded for any one proposal, and the grants must be completed within a 36 month (3 years) grant period. FMLFPP will host a webinar on March 24, 2016, at 2 p.m. (Eastern Time) for FMPP applicants (registration link). In addition, FMLFPP will host www.Grants.gov webinars on March 22 (registration link) and March 29 (registration link), both at 2 p.m. (Eastern Time), to explain how to submit grant applications via www.Grants.gov.

Agency Name:	Natural Resources Conservation Service

Description:

Overview: The purpose of CIG is to stimulate the development and adoption of innovative conservation approaches and technologies, while leveraging the Federal investment in environmental enhancement and protection in conjunction with agricultural production. CIG projects are expected to lead to the transfer of conservation technologies, management systems, and innovative approaches (such as market-based systems) into NRCS technical manuals and guides or to the private sector. CIG is used to apply or demonstrate previously proven technology in order to increase adoption with an emphasis on opportunities to scale proven, emerging conservation strategies. CIG promotes sharing of skills, knowledge, technologies, and facilities among communities, governments, and other institutions to ensure that scientific and technological developments are accessible to a wider range of users. CIG funds projects targeting innovative on-the-ground conservation, including pilot projects, field demonstrations, and on-farm conservation research. On-farm conservation research is defined as an investigation conducted to answer a specific conservation-related question using a statistically valid design, while employing farm-scale equipment on farm fields. Specifically, a valid study design will use an appropriate number of replications and statistical analysis of results. To the extent NRCS funds research projects through CIG, the agency will only fund on-farm research projects that stimulate innovative approaches to natural resource management in conjunction with agricultural production. NRCS will accept proposals under this notice for single or multiyear projects, not to exceed three years, submitted by eligible entities from any of the 50 States, the District of Columbia, the Caribbean Area (Puerto Rico and the U.S. Virgin Islands), or the Pacific Islands Area (Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands). Eligible entities include Indian Tribes, State and local units of government, non-governmental organizations, and individuals. Complete proposals received by the deadline will be evaluated through a two-tier review process.

The first-tier review will be by a technical peer review panel based on the Proposal Evaluation Criteria identified in the instructions in section V.B. For the second-tier review, full proposals, along with their evaluations from the technical peer review and State Conservationist, will be forwarded to the Grants Review Board. The Grants Review Board will make its recommendations for project approval to the NRCS Chief who will make the final selections.

Additional Information on Eligibility:	For "Others" please see Section II.A Partners Eligibility for a more descriptive explanation.
Agency Name:	Natural Resources Conservation Service
Description:	EXECUTIVE SUMMARY:NRCS is the Department of Agriculture's (USDA) conservation agency working with farmers, ranchers, and private forest landowners nationwide to identify and address natural resource objectives in balance with operational goals in order to benefit soil, water, wildlife, and related natural resources locally, regionally, and nationally. NRCS works in partnership with other entities to accelerate getting conservation on the ground. Through the Regional Conservation Partnership Program (RCPP), NRCS seeks to co-invest with partners in innovative, workable, and cost-effective approaches to benefit farming, ranching, and forest operations, local economies, and the communities and resources in a watershed or other geographic area. RCPP partners develop project applications, as described in this notice, to address specific natural resource objectives in a proposed area or region. Partnering organizations design, promote, implement, and evaluate the project outcomes. NRCS will select final RCPP projects following a two-phase application process that includes: (1) a pre-proposal application and (2) a full-proposal application. NRCS will assess and evaluate RCPP project applications against four criteria: solutions, contributions, innovation, and participation. The full-proposal process is only open to applicants whose pre-proposal applications are selected by the agency to go forward from the pre-proposal stage. All RCPP applications become the property of NRCS for use in the administration of the program and will not be returned to the applicant. RCPP Federal

assistance is delivered in accordance with the authorities of the Environmental Quality Incentives Program (EQIP), Conservation Stewardship Program (CSP), Agricultural Conservation Easement Program (ACEP), Healthy Forests Reserve Program (HFRP), and in certain geographic areas, the Watershed Protection and Flood Prevention program. NRCS and partners implement RCPP projects by working with agricultural producers and owners of agricultural and forest land. The purpose of this notice is to announce the availability of CCC funding for RCPP and to solicit applications from potential partners. Subject to fiscal year (FY) 2017 appropriations action, NRCS anticipates the availability of up to \$263 million in funding for RCPP. Applications will be accepted from all 50 States, the Caribbean Area (Puerto Rico and U.S. Virgin Islands), and U.S. territories in the Pacific Island Areas (Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands).

Description:	<p>The purpose of the Aquaculture Research program is to support the development of an environmentally and economically sustainable aquaculture industry in the U.S. and generate new science-based information and innovation to address industry constraints. Over the long term, results of projects supported by this program may help improve the profitability of the U.S. aquaculture industry, reduce the U.S. trade deficit, increase domestic food security, provide markets for U.S.-produced grain products, increase domestic aquaculture business investment opportunities, and provide more jobs for rural and coastal America. The Aquaculture Research program will fund projects that directly address major constraints to the U.S. aquaculture industry and focus on one or more of the following program priorities: (1) Genetics of commercial aquaculture species. (2) Critical disease issues impacting aquaculture species. (3) Design of environmentally and economically sustainable aquaculture production systems. (4) Economic research for increasing aquaculture profitability.</p>

Additional Information on Eligibility:	Applications may only be submitted by colleges and universities (as defined in section 1404 of NARETPA, 7 U.S.C. 3103), other Federal agencies and private sector entities. Award recipients may subcontract to organizations not eligible to apply provided such organizations are necessary for the conduct of the project. Failure to meet an eligibility criterion by the time of application deadline may result in the application being excluded from consideration or, even though an application may be reviewed, will preclude NIFA from making an award.
Agency Name:	National Institute of Food and Agriculture
Description:	The Supplemental and Alternative Crops Competitive (SACC) Grants Program will support the development of canola as a viable supplemental and alternative crop in the United States. The goal of the SACC program is to significantly increase crop production and/or acreage by developing and testing of superior germplasm, improving methods of planting, cultivation, and harvesting, and transferring new knowledge to producers (via Extension) as

soon as practicable. Extension, education, and communication activities related to the research areas above must be addressed in the proposal.

Forest Service

2017 National Urban and Community Forestry Grant Program

Document Type:

Grants Notice

Funding Opportunity Number:

USDA-FS-UCF-01-2017

Funding Opportunity Title:

2017 National Urban and Community Forestry Grant Program

Opportunity Category:

Discretionary

Opportunity Category Explanation:

Funding Instrument Type:

Grant

Category of Funding Activity:

Community Development
Disaster Prevention and Relief
Education
Environment
Health
Natural Resources
Science and Technology and other Research and Development

Category Explanation:

The National Urban and Community Forestry Advisory Council seeks innovative (new, cutting-edge or builds upon existing

studies) grant proposals for program development, study, and collaboration that will address strategies in the National Ten Year Urban Forestry Action Plan (2016-2026). This Request for Proposals is to address the following priority issues:

- Developing a National Urban Forestry Funding Assessment and Methodology
- Understand Urban Forest Ecosystem/Ecological Services

Detailed information about each category follows this section. Proposals are to meet the request and intent of each applicable category. Organizations, local governments, tribal agencies, and partnerships are encouraged to submit proposals that will demonstrate the reach, resources, and expertise needed to address the three priority issues in ways that will lead to meaningful, replicable results across the country. Potential Innovation grantees are should work collaboratively with other organizations and entities not traditionally involved in urban and community forestry. Applicants should consider multi-year projects and other sources of funds, which may include other Federal cooperative conservation sources. While other Federal dollars or technical support may contribute to the project, they may not be used to match these Federal grant program dollars. The grant review process takes about a year to review pre and full proposals once they are received. Applicants should state their start and end date accordingly on their SF424. Each category is separate. Please do not merge more than one category content or intent into one proposal, which can result in disqualification of the proposal. Applicants may submit separate pre-proposals for more than one category.

\$75,000

Eligible Applicants:

State governments

Public and State controlled institutions of higher education
Special district governments
Public housing authorities/Indian housing authorities
Independent school districts
City or township governments
Private institutions of higher education
County governments
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Native American tribal governments (Federally recognized)

Agency Name:

Description:

Forest Service
Available Funding: The U.S. Forest Service anticipates that the statutory authority (Sub Title 9 of the Cooperative Forestry Assistance Act) for the Fiscal Year 2017 Urban and Community Forestry (U&CF) Program may provide, approximately \$900,000 in grant funds to be awarded through the 2017 National Urban and Community Forestry Challenge Cost-Share Grant Program. Funds are to support national urban and community forestry projects on nonfederal public land that have a national or multi-state impact and application. All awards are based on the availability of funding, which may be subject to change.
Eligible Applicants: Any U.S. non-Federal organization and Tribal agencies, operating within the United States or its territories, may apply for the Challenge Cost-Share grant. While collaboration with Federal agencies is encouraged, a Federal agency may not receive funding or be used as match to the Federal funds being requested. Individuals and private land are not eligible. Proposals are required to address National or multi-state, multi-tribal land urban forestry issues. The Forest Service will address any conflicts of interest. Not Eligible: If an entity has a local/State tree-planting projects, capital improvements to property of any ownership, and/or projects that have only a local impact and applicability are not eligible and they should contact their State Urban and Community

Forestry Coordinator for assistance in identifying funding alternatives at the local level. The list of State Coordinators may be found at the following website: State Urban Foresters' Contact List [National Urban and Community Forestry Advisory Council Website](#)

education

Farm Service Agency

As part of our mission supporting farmers and ranchers, the Farm Service Agency (FSA) provides extensive education and outreach for producers. This typically involves public meetings, mailings, news releases, and interactions with individual producers seeking additional information or to enroll in a program. However, there remains a need for additional outreach and education that could benefit potential participants in FSA's portfolio of programs. This RFA seeks proposals to further support and expand FSA's existing outreach and education efforts. The additional outreach and education could, for example, be public meetings, training sessions, and/or workshops for producers including new and beginning farmers, veterans, underserved communities, and/or established producers. Emphasis will be afforded to proposals that propose to address producers who are ethnic minorities, women, new and beginning, veterans, urban, or who grow non-commodity crops (e.g., fruits and vegetables or specialty crops). Proposals may include innovative outreach approaches that ease the learning curve for farmers and ranchers through training on best practices, common challenges and solutions, and local networking opportunities. The subject matter should include an introduction to FSA, its programs, and common provisions that generally apply. FSA's common provisions include maintenance of producer-level records regarding payment eligibility and limitations, conservation compliance, and name and address, payments, and farm and tract information. Additional information regarding FSA is available at www.fsa.usda.gov.

Original Closing Date for Applications:

Jun 01, 2016

Current Closing Date for Applications:

Jun 01, 2016

Eligible Applicants:

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

All applicants must meet all of the following requirements: • Applicants must be hospitals or healthcare systems consisting of multiple hospitals, ambulatory sites, clinics or similar healthcare facilities. • Applicants may be for-profit, not-for-profit or governmental (other than Federal government) entities located in the United States or its territories. • Applicants must

partner with at least one other healthcare organization in their locality/region. The partner organization should have anticipated overlap with the applicant organization of patients, physicians and other clinical staff (such as a physician practice group(s), clinic(s) and hospital(s)). • The partner organization must be organizationally independent of the applicant and maintain a separate health information system from the applicant. Health information systems refer to any system that captures, stores, manages or transmits information related to the health of individuals or the activities of organizations that work within the health sector. NIST will not assist in matching organizations. Federal agencies (including facilities and components of the Veteran's Integrated Service Network of the Veteran's Health Administration) may participate in projects but may not receive NIST funding.

Agency Name:

National Institute of Standards and Technology

Description:

NIST is soliciting applications from eligible applicants to demonstrate the usage of federated online identity solutions for patients and providers across multiple healthcare providers (e.g., provider groups, regional healthcare systems, hospital systems).

Original Closing Date for Applications:	Apr 14, 2016 Phase I electronic applications must be received no later than 11:59 p.m. Eastern Time, April 14, 2016. Paper applications must be received by NIST by 5:00 p.m. Eastern Time, April 14, 2016.
Current Closing Date for Applications:	Apr 14, 2016 Phase I electronic applications must be received no later than 11:59 p.m. Eastern Time, April 14, 2016. Paper applications must be received by NIST by 5:00 p.m. Eastern Time, April 14, 2016.
Archive Date:	May 14, 2016
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Each applicant for both Phase I and Phase II must qualify as a small business concern for R/R&D purposes, as defined in Section 1.06 of this FFO, at the time of award. In addition, the primary employment of the principal investigator must be with the small business at the time of the award and during the conduct of the proposed research. Primary employment means that more than one-half of the principal investigator's time is spent working with the small business. Primary employment with a small business precludes full-time employment with another organization. Occasionally, deviations from this requirement may occur, which must be approved in writing by the NIST Grants Officer after consultation with the SBIR Program Manager. Further, a small business may only replace the principal investigator on an SBIR Phase I or

	Phase II award if the NIST Grants Officer provides prior written approval. Personnel obtained through a Professional Employer Organization or other similar personnel leasing company may be considered employees of the awardee.
Agency Name:	National Institute of Standards and Technology
Description:	The National Institute of Standards and Technology (NIST) invites small businesses to submit Phase I research applications under this Federal Funding Opportunity (FFO). Firms with strong research capabilities in any of the areas listed in Section 9 of this FFO are encouraged to participate. Applications not addressing one of the subtopics in Section 9 are not responsive to this FFO. The NIST FY 2016 SBIR program identifies and solicits applications in topics that fall within NIST's mission and allow collaboration between NIST scientists and the SBIR awardees whenever possible. In order to ensure a greater strategic alignment between the SBIR program and NIST's laboratory research program, the SBIR topics are the priority areas identified in the NIST Programmatic Plan FY 2016-2018 available at: http://www.nist.gov/director/planning/planning.cfm .

Eligible Applicants:	Others (see text field entitled "Additional

Additional Information on Eligibility:

Information on Eligibility" for clarification) Local governments located in the United States and its territories and participating as a Team member in NIST's 2016 GCTC. For purposes of this program, a local government is defined as any incorporated political subdivision of a state that is composed of the citizens of a designated geographic area and which performs certain government functions on a local level; local governments include counties and municipalities such as cities, towns, villages, and boroughs. An eligible organization may work individually or propose subawards or contracts with others effectively forming a team or consortium. Only one application will be considered per GCTC Team. A GCTC Team that includes more than one eligible local government member must designate one of the eligible local government team member as the lead responsible for submitting the application and, if selected, for receiving and administering the award, with the other members participating through subawards or contracts. More information about the 2016 GCTC, including how to register to participate, can be found at <http://www.nist.gov/cps/sagc.cfm>.

Agency Name:

National Institute of Standards and Technology

Description:

NIST invites applications from eligible applicants (referred to below as City/Community Partners) for a program that will support cities and communities in team-based efforts under the 2016 Global City Teams Challenge (GCTC). The purpose of this funding opportunity is to enable cities and communities to take a lead role in the team-based GCTC efforts to advance the measurement science of replicable, standards-based smart city technologies that provide measurable performance metrics, meet the needs of cities and communities of all types and sizes, and provide platforms for entrepreneurship and innovation.

Funding Opportunity Number:

2016-NIST-NNMI-01

Funding Opportunity Title:

National Network for Manufacturing Innovation (NNMI) Institute Awards

Opportunity Category:

Discretionary

Opportunity Category Explanation:

Category Explanation

Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)
Category Explanation:	Arrangements for Interdisciplinary Research Infrastructure
Expected Number of Awards:	
CFDA Number(s):	11.619 -- Arrangements for Interdisciplinary Research Infrastructure
Cost Sharing or Matching Requirement:	
Current Closing Date for Applications:	Apr 20, 2016 Required Pre-Applications must be received electronically through Grants.gov no later than 11:59 p.m. Eastern Time, April 20, 2016. Pre-Applications received after this deadline will not be reviewed or considered. Paper Pre-Applications will not be accepted. Review of Pre-Applications, selection, and notification to applicants is expected to be complete on or about May 23, 2016. Selected Pre-applicants will then be invited to submit a Full Application. Full Applications must be received electronically through Grants.gov no later than 11:59 p.m. Eastern Time, July 22, 2016. Full Applications received after this deadline will not be reviewed or considered. Paper Full Applications will not be accepted.
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Eligible applicants are non-profit organizations; accredited institutions of higher education; State, local, and Tribal governments; and for-profit organizations that are organized and operated in the United States (including U.S. territories) with majority domestic ownership or control. Federal agencies and Federally Funded Research and Development Centers (FFRDCs) are not eligible to apply for this funding opportunity. Please refer to the Full Announcement/FFO document for further details on eligibility.
Agency Name:	National Institute of Standards and Technology
Description:	NIST is soliciting applications for National Network for Manufacturing Innovation (NNMI) Institute Awards from eligible applicants to establish and operate a Manufacturing Innovation Institute in an area of U.S. advanced manufacturing national need. Proposed Institutes in any area of advanced manufacturing will be considered so long as they do not duplicate

the technical scope and programs of both existing programs of federally funded Institutes within the National Network for Manufacturing Innovation (NNMI), and technical focus area(s) that are identified within any in-progress Institute funding opportunity announced by a federal agency. Please consult the Full Announcement/FFO document for further details on the NNMI Institute Awards, the program's public web site, FAQs, and informational webinars.

Department of Commerce

The purpose of this notice is to request proposals for special projects associated with the National Sea Grant College Program's (Sea Grant) strategic focus areas, and to provide the general public with information and guidelines on how Sea Grant will select proposals and administer Federal assistance under this announcement. This announcement is a mechanism to encourage research or other projects that are not normally funded through Sea Grant national competitions. This opportunity is open only to Sea Grant Programs. Section III of this announcement describes eligibility requirements in more detail. Funding has not yet been made available to support applications submitted to this Federal Funding Opportunity (FFO), but such funding may become available during the year. Section II.A. below describes individual competition announcements that will be used to announce when funding is available; any restrictions or requirements on such funding, such as matching funds; and other funding details. Awards will be made under this FFO only if funds have been announced as provided in this FFO.

Posted Date:	Dec 10, 2015
Creation Date:	Dec 10, 2015
Original Closing Date for Applications:	Applications are accepted on a continuing basis and processed as received. This Planning and Local Technical Assistance opportunity will remain in effect until superseded by a future announcement.
Current Closing Date for Applications:	Applications are accepted on a continuing basis and processed as received. This Planning and Local Technical Assistance opportunity will remain in effect until superseded by a future announcement.
Archive Date:	
Estimated Total Program Funding:	
Award Ceiling:	\$300,000
Award Floor:	\$0
Eligible Applicants:	Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education City or township governments Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education Others (see text field entitled "Additional Information on Eligibility" for clarification) Private institutions of higher education Native American tribal governments (Federally recognized) Public and State controlled institutions of higher education State governments Special district governments County governments
Additional Information on Eligibility:	Pursuant to section 3 of the Public Works and Economic Development Act of 1965 (42 U.S.C. § 3122) (PWEDA) and EDA's regulation at 13 C.F.R. § 300.3, the following types of entities are eligible to receive funding assistance from EDA: 1. District Organizations (as defined in 13 C.F.R. § 300.3); 2. Indian Tribes or a consortium of Indian Tribes; 3. States, cities, or other political subdivisions of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; 4. Institutions of higher education or a consortium of institutions of higher education; or 5. Public or private non-profit organizations or associations acting in cooperation with officials of a political subdivision of a State.
Agency Name:	Department of Commerce
Description:	Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists

eligible recipients in creating regional economic development plans designed to build capacity and guide the economic prosperity and resiliency of an area or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

FY 2016 Economic Development Assistance Programs - Application submission and program requirements for EDA's Public Works and Economic Adjustment Assistance Programs Grant

Document Type:	Grants Notice
Funding Opportunity Number:	EDAP2016
Funding Opportunity Title:	FY 2016 Economic Development Assistance Programs - Application submission and program requirements for EDA's Public Works and Economic Adjustment Assistance programs.
Opportunity Category:	Discretionary
Funding Instrument Type:	Cooperative Agreement Grant
Category of Funding Activity:	Other (see text field entitled "Explanation of Other

Category Explanation:

Category of Funding Activity" for clarification)
The Economic Development Administration's (EDA's) mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Specifically, under the Economic Development Assistance programs (EDAP) Federal Funding Opportunity (FFO) announcement, EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance (EAA) Programs. Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP FFO, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly evolving economic conditions.

Expected Number of Awards:**CFDA Number(s):**

11.300 -- Investments for Public Works and Economic Development Facilities
11.307 -- Economic Adjustment Assistance

Cost Sharing or Matching Requirement:

Yes

Posted Date:

Oct 26, 2015

Agency Name

Economic Development Administration

Description

Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to stimulate and guide the economic development efforts of a community or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA-designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support planning organizations, including District Organizations, Indian Tribes, and other eligible Recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of higher-skill, higher-wage jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

Corporation for National and Community Service

General Program Overview

AmeriCorps provides resources, both human and financial, to organizations that engage Americans in intensive service to meet our country's critical needs.

Grantees use the funding to support AmeriCorps members for intensive service in their community. AmeriCorps grants partially cover the expense of operating an AmeriCorps program and do not cover general organizational expenses. A cash and in-kind match is required.

The main website can be accessed here: <http://www.nationalservice.gov>

Reminders:

2014-2015

Meeting Community Needs in Massachusetts: More than **10,000** people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Massachusetts. Serving at more than **1,300** locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers. This year, the Corporation for National and Community Service (CNCS) will commit more than **\$41,120,000** to support Massachusetts communities through national service initiatives. Through a unique public-private partnership, this federal investment will leverage an additional **\$34,340,000** in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps

This year, AmeriCorps will provide more than **2,600** individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Massachusetts. Most AmeriCorps grant funding goes to the **Massachusetts Service Alliance**, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than **29,000 Massachusetts** residents have served more than **40 million** hours and have qualified for Segal AmeriCorps Education Awards totaling more than **\$93,100,000**.

Senior Corps

More than **7,400** seniors in Massachusetts contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than **4,400** young people who have special needs. Senior Companions help more than **970** homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than **540** groups across Massachusetts.

Social Innovation Fund

The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Massachusetts, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing **\$3,090,000** in expanding the impact of **7** nonprofits in Massachusetts, selected and supported by **7** intermediaries.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit [NationalService.gov](http://www.nationalservice.gov) or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

U.S. Department of Defense
Office of Small Business Programs

FAQS | CONTACT | EXTRANET | SITE MAP

Home | About | *for Small Businesses* | *for Small Business Professionals* | *for Government* | DoD Small Business Offices

Welcome! We're the DoD Office of Small Business Programs

We advise the Secretary of Defense on all matters related to small business and are committed to maximizing the contributions of small business in DoD acquisitions. We provide leadership and governance to the Military Departments and Defense Agencies to meet the needs of the nations' Warfighters, creating opportunities for small businesses while ensuring each tax dollar is spent responsibly.

PLANS & PERFORMANCE

In order to fulfill our strategic goals and mission, we seek out opportunities and strategic activities to increase small business dollars competitively awarded by DoD military departments and agencies. These statistical tables and reports demonstrate how well we are performing.

LEARN MORE

LEGISLATION, REGULATIONS, POLICY

Small business' contributions to the Warfighter are maximized through legislation, regulations, Executive Orders and policy directives. These laws, rules, policies, orders and related guidelines defining the small business community's support of the DoD are accessible here.

LEARN MORE

RESOURCES

There are a number of reference materials, guides, training resources as well as professional counseling available to DoD Small Business Professionals. This includes a link to the Procurement Technical Assistance Centers, which provide training and counseling assistance at no cost.

Doing Business with the DoD

Resources

Procurement Technical Assistance Centers (PTACs)

Procurement Technical Assistance Centers (PTACs) are charged with assisting businesses in learning how to do business with federal, state, and local governments. PTACs are a local resource available at no or nominal cost that can provide assistance to business firms in marketing their products and services. They offer training to businesses on how to research and bid on contracts, assist with registration requirements, provide bid-matching services, and assist with pre and post contracting issues.

[Prime Contractors with Subcontracting Plans](#) [xlsx]

Directory updated 4/19/11

This FY 2014 directory is intended for small business concerns seeking opportunities with DoD prime contractors. The directory is a listing of large business prime contractors who are required to establish subcontracting plans with goals. The report is generated from data contained in the Individual Subcontract Reports (ISRs) submitted in the Electronic Subcontracting Reporting System (eSRS) by contractors and from data contained in the Federal Procurement Data System (FPDS). The directory includes the name of the prime contractor; the major product/service code (PSC) provided to DoD; the major NAICS of the company; name, telephone number and email address of the company's point of contact; contract number with the effective date and completion date, ultimate contract value and obligated dollars. In addition, many companies have websites with additional information which may be useful in your search for subcontracting opportunities or teaming arrangements.

[Locate a Small Business Professional](#)

Small Business Professionals serve as the primary liaison between private-sector small businesses seeking to do business with government agencies. Specialists advise small businesses regarding current acquisitions contracts available from the federal government.

Procurement Forecasts & the Department of Defense

The Department of Defense, due to its size and scope, does not have a single, comprehensive source for future procurements. Procurements are made locally and within the various services and agencies.

Business Intelligence, relative to future procurement planning, would be gathered at the local level.

For the purposes of forecasting, knowledge of past behavior is useful. Click [here](#) for a table of DoD acquisitions in FY10 summarized by NAICS code. The FY10 data has been validated but FPDS data is dynamic and changes continuously.

Non-Appropriated Fund Customers

Non-appropriated fund customers operate similar to non-profit organizations and include commissaries, exchanges, recreation and fitness centers, dining at officer/enlisted/civilian clubs, and barber/beauty services, just to name a few. For more information click [here](#).

Department of Education

Grant Programs Overview at the Department of Education

U.S. Department of Education

Forecast of Funding Opportunities under the Department of Education Discretionary Grant Programs for Fiscal Year (FY) 2016

This document lists virtually all programs and competitions under which the Department (we) has invited or expects to invite applications for new awards and provides actual or estimated deadline dates for the transmittal of applications under these programs. The lists are in the form of charts -- organized according to the Department's principal program offices -- and include programs and competitions we have previously announced, as well as those we plan to announce at a later date. **If you are interested in applying for any upcoming grants with the Department of Education, please take the time to register with SAM at www.SAM.gov, as you must have an active account in order to submit a grant application with our agency. We recommend you register now even as you are looking for eligible grant programs so that your SAM registration is active by the time the application is published. This will allow you to focus on writing the application during the period the application is available and you are not spending a portion of that time obtaining SAM registration. Please click [here](#) to refer to the SAM tip sheet for additional information.**

Note: This document is advisory only and is not an official application notice of the Department of Education. We expect to provide updates to this document starting in the first week of June in a fiscal year and continuing through the following August. Please keep in mind that the dates recorded in this document are **SUBJECT TO CHANGE** and that the average size/number of awards are **ESTIMATES**.

Note on printing: For best results, print this document in landscape orientation.

To see the complete document click here: <http://www2.ed.gov/fund/grant/find/edlite-forecast.html>

The general information page for Education Grant funding is an excellent resource describing the three types of grants awarded by the Department of Education. See the screen shot of the Department of Education web page below:

Estimated Total Program Funding:	\$3,011,504
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification) Private institutions of higher education Public and State controlled institutions of higher education
Additional Information on Eligibility:	1. Eligible Applicants: Institutions of higher education (IHEs). As part of the application process, students submit individual applications to the IHE. The IHE then officially submits all eligible individual student applications with its grant application to the Department. Note: As part of its FY 2016 budget request, the Administration proposed to continue to allow funds to be used to support the applications of individuals who plan both to utilize their language skills in world areas vital to United States national security and to apply their language skills and knowledge of these countries in the fields of government, international development, and the professions. Therefore, students planning to apply their language skills in such fields and those planning teaching careers are eligible to apply to IHEs for funds from this program.
Agency Name:	Department of Education
Description:	Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: http://www.access.gpo.gov/nara/index.html . Please review the official application notice for pre-application and application requirements, application submission information, performance measures,

priorities and program contact information.
Purpose of Program: The Fulbright-Hays DDRA Fellowship Program provides opportunities to doctoral candidates to engage in full-time dissertation research abroad in modern foreign languages and area studies. The program is designed to contribute to the development and improvement of the study of modern foreign languages and area studies in the United States. Catalog of Federal Domestic Assistance (CFDA) Number: 84.022A. Applications for grants under the Fulbright-Hays DDRA Fellowship Program, CFDA number 84.022A, must be submitted electronically using the G5 system, accessible through the Department's G5 site at: www.G5.gov. While completing your electronic application, both the IHE and the student applicant will be entering data online that will be saved into a database. Neither the IHE nor the student applicant may email an electronic copy of a grant application to us.

Department of Education

Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: <http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information. Purpose of Program: The central purpose of the Institute's research grant programs is to provide interested individuals and the general public with reliable and valid information about education practices that support learning and improve academic achievement and access to education opportunities for all

students. These interested individuals include parents, educators, students, researchers, and policymakers. In carrying out its grant programs, the Institute provides support for programs of research in areas of demonstrated national need. Competitions in This Notice: The Institute will conduct nine research competitions in FY 2017 through two of its centers: Catalog of Federal Domestic Assistance (CFDA) Numbers: 84.305A, 84.305B, 84.305D, 84.305H, 84.305L, 84.305N, 84.324A, 84.324B, and 84.324L. The Deputy Director for Policy and Research, Delegated the Duties of the Director, of the Institute of Education Sciences (Institute) announces the Institute's FY 2017 competitions for grants to support education research and special education research. The Delegated Director takes this action under the Education Sciences Reform Act of 2002. The Institute's purpose in awarding these grants is to provide national leadership in expanding fundamental knowledge and understanding of (1) developmental and school readiness outcomes for infants and toddlers with or at risk for disability, and (2) education outcomes for all students from early childhood education through postsecondary and adult education. Applications for grants under the Education Research, Research Training Programs in the Education Sciences, Statistical and Research Methodology in Education, Partnerships and Collaborations Focused on Problems of Practice or Policy, Low-Cost, Short-Duration Evaluation of Education Interventions, Research Networks Focused on Critical Problems of Education Policy and Practice, Special Education Research, Research Training Programs in Special Education, and Low-Cost, Short-Duration Evaluation of Special Education Interventions competitions, CFDA numbers 84.305A, 84.305B, 84.305D, 84.305H, 84.305L, 84.305N, 84.324A, 84.324B, and 84.324L must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us. You may access the electronic grant applications for the

Education Research, Research Training Programs in the Education Sciences, Statistical and Research Methodology in Education, Partnerships and Collaborations Focused on Problems of Practice or Policy, Low-Cost, Short-Duration Evaluation of Education Interventions, Research Networks Focused on Critical Problems of Education Policy and Practice, Special Education Research, Research Training Programs in Special Education, and Low-Cost, Short-Duration Evaluation of Special Education Interventions competitions at www.Grants.gov. You must search for the downloadable application package for each competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.305, not 84.305A).

based organizations provided that they meet the applicable statutory and regulatory requirements. (b) The Secretary limits eligibility under this discretionary grant competition to LEAs or CBOs that do not currently have an active grant under PEP. For the purpose of this eligibility requirement, a grant is considered active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds. (See the notice of final eligibility requirements for the Office of Safe and Drug-Free Schools discretionary grant programs published in the Federal Register on December 4, 2006 (71 FR 70369)).

Agency Name:

Department of Education

Description:

Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: <http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information. Purpose of Program: The Carol M. White Physical Education Program (PEP) provides grants to local educational agencies (LEAs) and community-based organizations (CBOs) to initiate, expand, and improve physical education for students in grades K-12. Grant recipients must implement programs that help students make progress toward meeting State physical education standards. Catalog of Federal Domestic Assistance (CFDA) Number: 84.215F. Applications for grants under the Carol M. White Physical Education Program, CFDA number 84.215F, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You

may not email an electronic copy of a grant application to us. You may access the electronic grant application for the Carol M. White Physical Education Program at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.215, not 84.215F).

Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information. Under the Small, Rural School Achievement (SRSA) program, the U.S. Department of Education (Department) awards grants on a formula basis to eligible local educational agencies (LEAs) to address the unique needs of rural school districts. In this notice, we establish the deadline for submission of fiscal year (FY) 2016 SRSA grant applications. Catalog of Federal Domestic Assistance (CFDA) Number: 84.358A. An eligible LEA that is

required to submit an application to receive FY 2016 SRSA funds must submit an electronic application by May 2, 2016, 4:30:00 p.m., Washington, DC time. Any application received from an eligible LEA after this deadline will be funded only to the extent that funds are available after the Department awards grants to other eligible LEAs under the program. Submission of an electronic application involves the use of the Department's G5 System. Prospective applicants can access the electronic application for the SRSA Program at: www.g5.gov. When applicants access this site, they will receive specific instructions regarding the information to include in the SRSA application.

Archive Date:	May 11, 2016
Estimated Total Program Funding:	\$3,000,000
Award Ceiling:	\$100,000
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	1. Eligible Applicants: Local parent organizations. Note: Section 671(a)(2) of IDEA defines a "parent organization" as a private nonprofit organization (other than an institution of higher education) that-- (a) Has a board of directors-- (1) The majority of whom are parents of children with disabilities ages birth through 26; (2) That includes-- (i) Individuals working in the fields of special education, related services, and early intervention; and (ii) Individuals with disabilities; and (3) The parent and professional members of which are broadly representative of the population to be served, including low-income parents and parents of limited English proficient children; and (b) Has as its mission serving families of children with disabilities who are ages birth through 26, and have the full range of disabilities described in section 602(3) of IDEA.
Agency Name:	Department of Education
Description:	Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: http://www.access.gpo.gov/nara/index.html . Please review the official application notice for pre-application and application

requirements, application submission information, performance measures, priorities and program contact information.

Purpose of Program: The purpose of this program is to ensure that parents of children with disabilities receive training and information to help improve results for their children.

Priority: In accordance with 34 CFR 75.105(b)(2)(iv) and (v), this priority is from allowable activities specified in the statute, or otherwise authorized in the statute (see sections 671 and 681(d) of the Individuals with Disabilities Education Act (IDEA)).

Absolute Priority: For FY 2016 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is: Community Parent Resource Centers.

Background: The purpose of this priority is to fund 30 Community Parent Resource Centers (CPRCs) designed to meet the specific needs of parents of children with disabilities, and youth with disabilities, who experience significant isolation from available sources of information and support in the geographically defined communities served by the centers. These parents can include, for example, low-income parents, parents with limited English proficiency, and parents with disabilities. Youth can include, for example, youth living in low-income households and youth with limited English proficiency. More than 35 years of research and experience has demonstrated that the education of children with disabilities can be made more effective by strengthening the ability of parents to participate fully in the education of their children at school and at home (see section 601(c)(5)(B) of IDEA). Since the Department first funded CPRCs over 20 years ago, the CPRC program has helped parents in their communities set high expectations for children with disabilities and has provided parents with the information and training they need to help their children meet those expectations.

Information about the Office of Special Education's parent training and information program can be found at: www.parentcenterhub.org. Catalog of

Federal Domestic Assistance (CFDA)
Number: 84.328C. Applications for grants under the Community Parent Resource Centers competition, CFDA number 84.328C, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us. You may access the electronic grant application for the Community Parent Resource Centers competition at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.328, not 84.328C).

U.S. Department of Energy

[Home](#)

GRANTS & CONTRACTS

Much of the work of the Department of Energy's [Office of Science](#) (SC) is supported through grants and contractual vehicles. This work is processed through the Office of Science [Grants and Contracts Division](#) (GCD) which serves as the principal acquisition, financial assistance (grants and cooperative agreements) and contract/grant management advisor to the Director of Science. The GCD provides independent analyses, advice and recommendations on procurement and assistance actions initiated by SC; identifies problem areas, opportunities and management issues and makes recommendations; serves as SC focal point in developing positions and responses to proposed Federal and DOE procurement and assistance regulations and business management policies and procedures; provides advice and guidance and serves as the SC focal point with DOE field offices, laboratories, universities, contractors, grantees and other Government agencies on SC policies and strategies with respect to acquisition, financial assistance and contract/grant management issues.

The Department's [Office of Nuclear Energy](#) re-established, in FY 1998, a competitive peer-reviewed program to provide grants allowing nuclear engineering faculty and students to conduct innovative research in nuclear engineering and related areas. The awards run from one to three years and are granted in eight separate technical areas related to nuclear engineering: reactor physics, reactor engineering, reactor materials, radiological engineering, radioactive waste management, applied radiation science, nuclear safety and risk analysis, and innovative technologies for next generation reactors, space power and propulsion, or radiation sources. This type of research is vital to the academic community to help promote excellence in nuclear engineering and provide resolution to issues confronting nuclear engineering in general.

The [Office of Nuclear Energy](#) provides tuition, stipends, and practicums to outstanding graduate students studying nuclear engineering and health physics and undergraduate scholarships and practicums to students pursuing a nuclear engineering course of study to ensure that our country will have an adequate supply of trained nuclear scientists and engineers. As an element of this activity, the University Partnership Program pairs minority institutions with institutions offering a nuclear engineering degree to enable more minorities to enter the field of nuclear engineering.

Award Ceiling:	\$500,000
Award Floor:	\$100,000
Eligible Applicants:	County governments City or township governments Native American tribal governments (Federally recognized) Native American tribal organizations (other than Federally recognized tribal governments) Independent school districts Special district governments
Agency Name:	Golden Field Office
Description:	The intent of this Funding Opportunity Announcement (FOA) is to support the development and piloting of data-driven decision frameworks by local and tribal governments. These frameworks should advance model practices and processes that improve the ability of local and tribal governments to integrate, analyze, and understand varied datasets, in order to pursue opportunities across all clean energy sectors such as sustainable transportation, energy efficiency, and renewable power. To develop and pilot such data-driven efforts, this FOA strongly encourages partnerships between local or tribal governments and entities such as academic institutions, technology companies, utilities, regional

planning bodies, and non-governmental organizations. The full Funding Opportunity Announcement is posted on the EERE eXCHANGE website at <https://eere-exchange.energy.gov>. Applications must be submitted through the EERE eXCHANGE website to be considered for award. The applicant must first register and create an account on the EERE eXCHANGE website. A User Guide for the EERE eXCHANGE can be found on the EERE website <https://eere-exchange.energy.gov/Manuals.aspx> after logging in to the system. Information on where to submit questions regarding the content of the announcement and where to submit questions regarding submission of applications is found in the full FOA posted on the EERE eXCHANGE website.

Understanding, Managing, and Applying for EPA Grants

*****ATTENTION:** Grant Applicants and Recipients, see the [Website Redirect Assistance Link](#) and/or Key Links box for Grant Provisions, Terms and Conditions, and additional information.

Every year, EPA awards over \$4 billion in funding for grants and other assistance agreements. From small non-profit organizations to large state governments, EPA works to help many visionary organizations achieve their environmental goals. With countless success stories over the years, EPA grants remain a chief tool in the advancement of human health and the environment.

Programs:

Environmental Protection Agency
FY 2016 and FY 2017 Pollution Prevention Grant Program

Document Type:	Grants Notice
Funding Opportunity Number:	EPA-HQ-OPPT-2016-002
Funding Opportunity Title:	FY 2016 and FY 2017 Pollution Prevention Grant Program
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Cooperative Agreement Grant
Category of Funding Activity:	Environment
Category Explanation:	
Expected Number of Awards:	60
CFDA Number(s):	66.708 -- Pollution Prevention Grants Program
Cost Sharing or Matching Requirement:	Yes
Posted Date:	Mar 11, 2016
Last Updated Date:	Mar 11, 2016
Original Closing Date for Applications:	May 09, 2016 Please refer to the announcement, including Section IV, for additional information on submission methods and due dates.
Current Closing Date for Applications:	May 09, 2016 Please refer to the announcement, including Section IV, for additional information on submission methods and due dates.
Archive Date:	Jun 08, 2016
Estimated Total Program Funding:	\$7,940,000
Award Ceiling:	\$360,000
Award Floor:	\$40,000
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	See Section III of the announcement for eligibility information.
Agency Name:	Environmental Protection Agency
Description:	EPA's Office of Pollution Prevention and Toxics, Chemistry, Economic and Sustainable Strategies Division oversees the Pollution Prevention (P2) Grant Program to support State and Tribal P2 Programs administer P2 projects that will help businesses identify better environmental strategies and solutions for reducing or eliminating waste at the source. EPA anticipates it will award approximately \$7.94 million in federal P2 grant funding (\$3.97 million in FY 2016 and \$3.97 million in FY 2017) to support two-year grant agreements. Grants will be awarded

Link to Additional Information:

and managed by EPA's ten Regional P2 Program Offices. P2 grants are dependent on Congressional appropriation and the quality of proposals received.

**FY 2016 and FY 2017 Pollution Prevention Information Network (PPIN) Grants Program
And Modification 1**

Document Type:	Grants Notice
Funding Opportunity Number:	EPA-HQ-OPPT-2016-001
Funding Opportunity Title:	FY 2016 and FY 2017 Pollution Prevention Information Network (PPIN) Grants Program
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Environment
Category Explanation:	
Expected Number of Awards:	8
CFDA Number(s):	66.708 -- Pollution Prevention Grants Program
Cost Sharing or Matching Requirement:	Yes
Posted Date:	Mar 18, 2016
Last Updated Date:	Mar 24, 2016
Original Closing Date for Applications:	May 17, 2016 Please refer to the announcement, including Section IV, for additional information on submission methods and due dates.
Current Closing Date for Applications:	May 17, 2016 Please refer to the announcement, including Section IV, for additional information on submission methods and due dates.
Archive Date:	Jun 16, 2016
Estimated Total Program Funding:	\$1,600,000
Award Ceiling:	\$220,000
Award Floor:	\$0
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	See Section III of the announcement for eligibility information.
Agency Name:	Environmental Protection Agency
Description:	EPA is announcing a two-year grant

competition cycle to support two-year PPIN grant or cooperative agreements. EPA anticipates awarding approximately \$1.6 million in federal P2 grant funding (about \$800,000 in FY 2016 and \$800,000 in FY 2017) to state entities. The grants will support the development and delivery of pollution prevention (P2) information resources, tools, training and related services to meet the needs of businesses and technical assistance providers working in one or more of the three P2 national emphasis areas (NEAs). The three areas referred to as the NEAs are: 1) climate change mitigation/prevention of greenhouse gas emissions, 2) pollution prevention practices in the food manufacturing and processing sector, and 3) state or community approaches to hazardous materials source reduction. Applicants must demonstrate how their activities increase the adoption of pollution prevention practices by reporting outcome measures. Pollution prevention refers to practices that: 1) reduce or eliminate the creation of pollutants through increased efficiency in the use of raw materials, energy, water, or other resources; or 2) reduce the amount of hazardous substance, pollutant or contaminate entering any waste stream or released to the environment. The cooperative agreements will be issued and managed through EPA's regional P2 programs. The amount of grant funding released each year is dependent upon Congressional appropriation and the quality of proposals received.

Reminders:

Document Type:	Grants Notice
Funding Opportunity Number:	EPA-OAR-OTAQ-16-02
Funding Opportunity Title:	Clean Diesel Funding Assistance Program FY 2016
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Environment
Category Explanation:	
Expected Number of Awards:	40
CFDA Number(s):	66.039 -- National Clean Diesel Emissions Reduction Program
Cost Sharing or Matching Requirement:	Yes
Posted Date:	Feb 25, 2016
Last Updated Date:	Feb 25, 2016
Original Closing Date for Applications:	Apr 26, 2016 Please see the announcement including Section IV for additional submission information.
Current Closing Date for Applications:	Apr 26, 2016 Please see the announcement including Section IV for additional submission information.
Archive Date:	May 26, 2016
Estimated Total Program Funding:	\$26,000,000
Award Ceiling:	\$4,400,000
Award Floor:	\$100,000
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Please see the announcement including Section III for additional eligibility information.
Agency Name:	Environmental Protection Agency
Description:	EPA's Office of Transportation and Air Quality is soliciting proposals nationwide for projects that achieve significant reductions in diesel emissions in terms of tons of pollution produced by diesel engines and diesel emissions exposure, particularly from fleets operating at or servicing goods movement facilities located in areas designated as having poor air quality. Further, priority for funding may be given to projects which result in outcomes that benefit affected communities, those that engage local communities with respect to the design and performance of the project, and those which can demonstrate the ability to promote and continue efforts to reduce emissions after the project has ended.

Department of Health and Human Services

Grants Forecast and Overview

The Department of Health and Human Services' Grants Forecast is a database of planned grant opportunities proposed by its [agencies](#). Each Forecast record contains actual or estimated dates and funding levels for grants that the agency intends to award during the fiscal year. Forecast opportunities are subject to change based on enactment of congressional appropriations. Go to the [webpage below](#) for more information.

Grants Forecast

The Department of Health and Human Services' Grants Forecast is a database of planned grant opportunities proposed by its agencies. Each Forecast record contains actual or estimated dates and funding levels for grants that the agency intends to award during the fiscal year. Forecast opportunities are subject to change based on enactment of congressional appropriations.

When funding is available and an agency is ready to accept applications, the agency will issue an official notice, known as a Funding Opportunity Announcement (FOA), which will be available on Grants.gov. The FOA provides guidance on how to receive an application kit and instructions on how to apply.

DHS Financial Assistance

Financial Assistance Overview

Most DHS Components have authority to execute and manage financial assistance to support the DHS mission. Financial assistance is the transfer to a non-Federal recipient of anything of value for a public purpose, and in DHS includes grants, cooperative agreements, training, loans, direct payments, and National flood insurance.

Background

Although most DHS Components possess some grant-making programs, the majority of programs and funding exists within the Federal Emergency Management Agency (FEMA). DHS supports a wide variety of financial assistance including post-disaster relief and resilience, preparedness, boating safety, cybersecurity, research, university centers of excellence, and assistance to fire fighters. The chart below reflects the distribution of financial assistance activity and funding by DHS mission.

[DHS Financial Assistance by Component](#)

Financial Assistance Policy and Oversight (FAPO)

FAPO is within the DHS Office of the Chief Financial Officer, Undersecretary of Management. The office is the functional lead for the Financial Assistance Line of Business. FAPO is responsible for providing oversight, to include the issuance of policy, for all DHS financial assistance programs. The team works with DHS Components to ensure a "One DHS" approach for financial assistance. The Office consists of four units; Information Management and Reporting, Financial Assistance Policy, Financial Assistance Oversight and Strategic

Federal Funding Alternative To AFG

State Administrative Agencies (SAA) apply for and administer Federal grants on behalf of their States, including FEMA Preparedness Grants. The SAA will work with eligible organizations to comply with the general requirements of grant programs or cooperative agreements. Contact your State's SAA to find out what current Federal funding opportunities may be available to your organization. A listing of the SAAs and points of contact can be found at <http://www.fema.gov/library/viewRecord.do?id=6363>.

Modifications:

Department of Homeland Security - FEMA
Fiscal Year (FY) 2016 Cooperating Technical Partners (CTP) Program
Modification 3

Document Type:	Grants Notice
Funding Opportunity Number:	DHS-16-MT-045-00-01
Funding Opportunity Title:	Fiscal Year (FY) 2016 Cooperating Technical Partners (CTP) Program
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Science and Technology and other Research and Development
Category Explanation:	
Expected Number of Awards:	11
CFDA Number(s):	97.045 -- Cooperating Technical Partners
Cost Sharing or Matching Requirement:	No
Posted Date:	Mar 25, 2016
Last Updated Date:	Mar 31, 2016
Original Closing Date for Applications:	Jun 10, 2016
Current Closing Date for Applications:	Jun 10, 2016
Archive Date:	Jul 10, 2016
Estimated Total Program Funding:	\$2,450,000
Eligible Applicants:	Native American tribal governments (Federally recognized) Others (see text field entitled "Additional Information on Eligibility" for clarification) Special district governments State governments City or township governments Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education Public and State controlled institutions of higher education County governments
Additional Information on Eligibility:	As approved by FEMA HQ
Agency Name:	Department of Homeland Security - FEMA
Description:	"The Cooperating Technical Partners Program (CTP Program) exists to strengthen and increase the effectiveness of the National Flood Insurance Program (NFIP) through fostering strong Federal, State, Tribal, regional and local partnerships for the purposes of reducing flood losses and promoting community resiliency. The CTP Program may provide federal assistance, through a grant or cooperative agreement, to an eligible Cooperating Technical Partner (herein referred to as "CTP", "partner" or "grantee") to perform various projects and activities that stimulate and support the ability of NFIP State

Coordinating Agencies and NFIP-participating communities (as defined in 44 CFR Part 59.1) to continue their ongoing regulatory NFIP responsibilities as well as support the ability of States, communities and the public and private sector to mitigate flood risk. The CTP Program seeks to enhance the existing capabilities of CTPs to increase local involvement in, and ownership of, the development and maintenance of flood risk data and products, such as the Flood Insurance Rate Maps (FIRMs) and other risk related products, as well as other support to advance the goals and objectives of the Risk Mapping Assessment and Planning (Risk MAP) program. Partnerships developed through FEMA's CTP Program are in the best interest of State and local communities, the NFIP and the public. CTPs may be able to perform activities related to program management, technical risk analysis and mapping, and communication of flood risk hazard data and information. Only qualified partners of the CTP Program are eligible for federal assistance awards through the CTP Program. Recipients must:

- be a CTP (i.e., have a signed Partnership Agreement with FEMA HQ or a FEMA Regional Office);
- either be or represent a National Flood Insurance Program (NFIP) community in good-standing, or a FEMA-approved non-profit agency whose primary mission supports the goals and objectives of the NFIP;
- have existing non-Federally funded processes and/or systems in place to support the collection, development, evaluation, dissemination and communication of flood hazard and risk assessment data and mapping;
- have the capability to perform funded activities; demonstrate the ability to achieve the CTP Program performance metrics and provide timely and accurate reports to FEMA documenting performance and achievements; and
- when applicable, agree to perform work in the Mapping Information Platform (MIP) and update the activities within the MIP every 30 days in the Studies Workflow (and more frequently within the Revisions Workflow). CTPs need to work with FEMA in advance of the application to understand FEMA program priorities, objectives and measures, and to identify specific tasks to undertake. In

support of program objectives, FEMA may provide technical assistance, training, and/or data to a CTP to enhance the activities within the project categories. Any funds FEMA provides through a grant or cooperative agreement to complete project activities are in addition to the leveraged resources and data which may be provided by the CTP to complete the tasks agreed upon. When awarded a grant or cooperative agreement through the CTP Program in support of program objectives and to advance program measures, the CTP must comply with the requirements outlined in the announcement, the terms and conditions of the award, as well as the Partnership Agreement and the associated Statement of Work or Mapping Activity Statement approved by FEMA. These templates may be obtained from your granting organization, either the FEMA Region or FEMA Headquarters."

Department of Homeland Security - FEMA
FY16 Pre-Disaster Mitigation Grant

Document Type:	Grants Notice
Funding Opportunity Number:	DHS-16-MT-047-000-99
Funding Opportunity Title:	FY16 Pre-Disaster Mitigation
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Grant
Category of Funding Activity:	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)
Category Explanation:	The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended, (42 U.S.C. 5133), Section 203 authorizes FEMA to make grants for the purpose of implementing a sustained pre-disaster natural hazard mitigation program to reduce overall risk to the population and structures from future hazard events, while also reducing reliance on Federal funding from future disasters.
Expected Number of Awards:	200
CFDA Number(s):	97.047 -- Pre-Disaster Mitigation
Cost Sharing or Matching Requirement:	Yes
Posted Date:	Feb 10, 2016
Last Updated Date:	Feb 10, 2016

Original Closing Date for Applications:	Jun 15, 2016
Current Closing Date for Applications:	Jun 15, 2016
Archive Date:	Jul 15, 2016
Estimated Total Program Funding:	\$90,000,000
Award Ceiling:	\$15,000,000
Eligible Applicants:	State governments Others (see text field entitled "Additional Information on Eligibility" for clarification) Native American tribal governments (Federally recognized)
Additional Information on Eligibility:	District of Columbia; U.S. Territories. Local governments must apply through their state.
Agency Name:	Department of Homeland Security - FEMA
Description:	The Pre-Disaster Mitigation (PDM) program makes available Federal funds to State, Local and Tribal Governments to implement and sustain cost-effective measures designed to reduce the risk to individuals and property from natural hazards, while also reducing reliance on Federal funding from future disasters. FEMA will provide allocations of \$575,000 as required by the Stafford Act to states and territories; and a tribal set aside of \$10 million for allocations up to \$575,000 for Native American Indian tribal governments to support overall mitigation planning and projects. The remaining PDM funds will be awarded on a competitive basis with a focus on Climate Resilient Mitigation Activities. Applicants must submit applications via the Mitigation eGrants system on the FEMA Grants Portal: https://portal.fema.gov . Applicants may submit a maximum of 19 sub-applications, including 1 management cost sub-application for Applicant management costs. Of the 18 sub-applications for mitigation activities, a maximum of 8 projects may be included.

Document Type:	Grants Notice
Funding Opportunity Number:	DHS-16-MT-029-000-99
Funding Opportunity Title:	FY16 Flood Mitigation Assistance
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Grant
Category of Funding Activity:	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification)
Category Explanation:	The Flood Mitigation Assistance (FMA) program is authorized by the National Flood Insurance Reform Act (NFIRA) of 1994 with the goal of reducing or eliminating claims under the NFIP.
Expected Number of Awards:	200
CFDA Number(s):	97.029 -- Flood Mitigation Assistance
Cost Sharing or Matching Requirement:	Yes
Posted Date:	Feb 10, 2016
Last Updated Date:	Feb 10, 2016
Original Closing Date for Applications:	Jun 15, 2016
Current Closing Date for Applications:	Jun 15, 2016
Archive Date:	Jul 15, 2016
Estimated Total Program Funding:	\$199,000,000
Award Ceiling:	\$0
Award Floor:	\$0
Eligible Applicants:	Native American tribal governments (Federally recognized) Others (see text field entitled "Additional Information on Eligibility" for clarification) State governments
Additional Information on Eligibility:	District of Columbia; U.S. Territories. Local governments must apply through their state.
Agency Name:	Department of Homeland Security - FEMA
Description:	The Flood Mitigation Assistance (FMA) Program makes available federal funds to State, Local and Tribal Governments to implement and sustain cost-effective measures that reduce or eliminate risk of flood damage to buildings insured under the National Flood Insurance Program (NFIP). FEMA will fund planning up to \$100,000 per applicant with a maximum of \$50,000 for state plans and \$25,000 for local plans. FEMA will fund technical assistance up to \$50,000 for states who were awarded FMA Grant Program funds totaling at least \$1 million in FY 2015. The remaining FMA funds will be awarded on a competitive basis for projects that will reduce or eliminate claims under the NFIP with a focus on mitigation of severe repetitive loss and repetitive loss properties as well as projects that will reduce the risk profile in communities through mitigation of the

largest number of NFIP-insured properties on a neighborhood level. Applicants must apply for FMA funding through the Mitigation eGrants system on the FEMA Grants Portal accessible on the Internet at <https://portal.fema.gov>

Additional Information on Eligibility:	All entities subject to an Area Maritime Transportation Security Plan (AMSP), as defined by 46 U.S.S Section 7013(b), may apply for PSGP funding. Eligible applicants include, but are not limited to: port authorities, facility operators, and state and local government agencies.
Agency Name:	Department of Homeland Security - FEMA
Description:	The Department of Homeland Security

Fiscal Year (FY) 2016 Port Security Grant Program (PSGP) plays an important role in the implementation of the National Preparedness System by supporting the building, sustainment, and delivery of core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. Delivering core capabilities requires the combined effort of the whole community, rather than the exclusive effort of any single organization or level of government. The FY 2016 PSGP's allowable costs support efforts to build and sustain core capabilities across Prevention, Protection, Mitigation, Response, and Recovery mission areas, with specific focus on addressing the security needs of our Nation's maritime ports. The PSGP supports the Quadrennial Homeland Security Review Mission to Strengthen National Preparedness and Resilience.

STOP FRAUD

HUD will **NEVER** ask for money to apply for or activate a grant opportunity.

HUD does **NOT** give grants to individual citizens.

Report all suspected fraud attempts to Hotline@HUDOIG.gov

Fraud is a serious crime and violators can face fines and penalties of up to 20 years in jail.

If someone contacts you claiming to be a HUD employee and tells you that HUD has awarded you a grant but tells you that you must pay to activate or qualify for the award - you are likely being targeted by criminals. HUD will never require grant applicants or awardees to pay money for information, to apply for, or to access grant funds. Period. This fraudulent behavior would be a felony punishable by heavy fines and jail time - regardless of whether or not money is exchanged.

If you get a phone call from someone claiming to be from HUD, here's what you should do:

- ▶ If you have questions regarding the status of your grant request, call the Grants Management & Oversight Division at (202) 708-0667. The HUD employees at that line can help you with any grant questions regarding award status.
- ▶ If any payment of money has been solicited for information, then contact and report the incident to the **HUD Inspector General** immediately. If the complaint involves someone impersonating someone at HUD, include the words "HUD Telephone Scam" in the notes.

"Attention: Unsolicited Contact - Possible Fraud Notification"

What should I do if I receive unsolicited contact from someone claiming to be a CFDA representative?

Answer: The Catalog for Federal Domestic Assistance (CFDA) program does not use social media or contact individuals by phone to solicit, review, or make awards. Additionally, no government staff will call or message you requesting money in order to be eligible for an award. Please report any information and documentation that you have related to this incident to the FBI's Internet Crime Complaint Center (IC3) (www.ic3.gov) and your local law enforcement authorities.

HUD NOFA FORECAST

The Department of Housing and Urban Development NOFA Forecast lists competitive grant opportunities that may be available for FY2016. The inclusion or exclusion of an opportunity in this list does not constitute a guarantee that a specific opportunity will become available or not be available. Forecast opportunities are subject to change based on enactment of Congressional appropriations and other considerations.

When funding is available, HUD will issue a Notice of Funding Availability (NOFA), which will be available on **Grants.gov** and HUD's Funds Available webpage. Each NOFA provides guidance on how to apply for funding.

Lead Hazard Reduction Demonstration (LHRD) Grant Program

Document Type:	Grants Notice
Funding Opportunity Number:	FR-6000-N-13
Funding Opportunity Title:	Lead Hazard Reduction Demonstration (LHRD) Grant Program
Opportunity Category:	Discretionary
Opportunity Category Explanation:	
Funding Instrument Type:	Grant
Category of Funding Activity:	Housing
Category Explanation:	
Expected Number of Awards:	15
CFDA Number(s):	14.905 -- Lead Hazard Reduction Demonstration Grant Program
Cost Sharing or Matching Requirement:	Yes
Posted Date:	Mar 14, 2016
Last Updated Date:	Mar 14, 2016
Original Closing Date for Applications:	Apr 28, 2016 Electronically submitted applications must be submitted no later than 11:59:59 p.m., ET, on the listed application due date.
Current Closing Date for Applications:	Apr 28, 2016 Electronically submitted applications must be submitted no later than 11:59:59 p.m., ET, on the listed application due date.
Archive Date:	May 28, 2016
Estimated Total Program Funding:	\$45,000,000
Award Ceiling:	\$3,000,000
Award Floor:	\$1,000,000
Eligible Applicants:	County governments Native American tribal governments (Federally recognized) Others (see text field entitled "Additional Information on Eligibility" for clarification) Special district governments City or township governments State governments
Additional Information on Eligibility:	If your organization is established under section 501(c) (including any subsidiary sections) of the Internal Revenue Code, you are not eligible to apply for funding under this NOFA. Under the authorizing statute for this grant program, only cities, counties/parishes, and other units of local government, and certain States and Native American Tribes (see below) are eligible to receive funding under this NOFA. Multiple

agencies within a local government, or multiple units of local government, or a state and one or more units of local government may apply as a consortium; however, an eligible principal (lead) applicant that will be responsible for ensuring compliance with all requirements in this NOFA must be identified. Where an application involves multiple entities, each entity must meet the civil rights threshold requirement of Resolution of Civil Rights Matters. State government and Native American tribal applicants (whether they are the principal applicant or partner applicants in a consortium) are eligible to apply for funding under this NOFA only if they have an Environmental Protection Agency (EPA) authorized lead-based paint training and certification program as of the submission deadline date (see www.epa.gov/lead/pubs/traincert.htm). The LHRD Grant Program is targeted to urban jurisdictions. In addition to the requirements in Section III.A., above, applicant MUST have at least 3,500 pre-1940 occupied rental housing units (either alone or through a consortium), as listed at the Census website (<http://factfinder.census.gov/faces/nav/jsf/pages/index.xhtml>). Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Agency Name:

Department of Housing and Urban Development

Description:

The LHRD program helps units of local government create and implement programs to address lead-based paint hazards and make homes lead safe.

Current Closing Date for Applications:	Apr 20, 2016 Electronically submitted applications must be submitted no later than 11:59:59 p.m., ET, on the listed application due date.
Archive Date:	May 20, 2016
Estimated Total Program Funding:	\$75,000,000
Award Ceiling:	\$69,000
Award Floor:	\$0
Eligible Applicants:	Public housing authorities/Indian housing authorities
Additional Information on Eligibility:	<p>1. Additional Information on Eligibility: eligible applicants are PHAs (including Moving to Work (MTW) PHAs) and Indian tribes/TDHEs currently administering an FSS program, that have served at least the minimum number of families required by this NOFA (as described in Section III.C.3.c below; "Eligibility Requirement: Number of FSS families served") and have met all other funding requirements. Due to the level of funding available under this NOFA, you will only be eligible for funding under this NOFA if you meet one of the following criteria: you were funded under any of the FY 2013, FY 2014, and/or the FY 2015 FSS NOFAs, or you received an FSS program through a transfer or consolidation from a PHA that was funded under such NOFAs. See Appendix D for a list of applicants who meet the criteria set forth in the bullet points above.</p> <p>2. Funding Distribution. Funding will be awarded in the following order, as funds allow:</p> <p>Category 1 - Renewal positions (i.e., positions funded under any of the FY 2013, FY 2014, and/or the FY 2015 FSS NOFAs). Category 2 - A small set of PHAs will be eligible to apply for funding to increase from a part-time renewal position to a full-time position. Applicants who are eligible to apply under this category are identified under the Cat. 2 Eligible; column in Appendix D. However, please note that some applicants which may be identified in Appendix D as ineligible under this funding category may become eligible after PIC data is re-pulled 60 days after publication of this NOFA as explained in Section V.B.3 "Funding Priority Categories" of this NOFA. Category 3 - New FSS coordinator positions (positions that were not funded in FY 2013, FY 2014, or FY 2015) for renewal applicants. For more information, see Section V.B.3 of this</p>

Agency Name:

NOFA "Funding Priority Categories". Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Description:

Department of Housing and Urban Development
This NOFA announces the availability of funding of approximately \$75 million for salaries of program coordinators for the Department of Housing and Urban Development's (HUD's) Fiscal Year (FY) 2016 Family Self-Sufficiency (FSS) Program. Due to the level of funding available, the Department will only fund applicants currently administering an FSS program that also meet one of the following criteria: a. you were funded under any of the FY 2013, FY 2014, and/or the FY 2015 FSS NOFAs; or b. you received an FSS program through a transfer or consolidation from a Public Housing Agency (PHA) that was funded under these NOFAs. See Section V.B.3 "Funding Priority Categories" for more information on the order in which funding will be awarded. Starting in FY2014, funding for FSS coordinators that serve Housing Choice Voucher (HCV) participants and/or Public Housing (PH) participants is made available under one NOFA; there are no longer two separate NOFAs for the HCV FSS program and the PH FSS program. This means that if you submitted two separate applications in previous years, (one for HCV FSS and one for PH FSS) you will only submit one application under this NOFA. As stated in the General Section, applicants that fail to submit their application through Grants.gov for whatever reason, including failure to update their DUNS, SAM or Grants.gov registration or Authorized Organizational Representatives (AORs) will not be considered for funding.

Last Updated Date:	Mar 31, 2016
Original Closing Date for Applications:	May 16, 2016 Electronically submitted applications must be submitted no later than 11:59:59 p.m., ET, on the listed application due date.
Current Closing Date for Applications:	May 16, 2016 Electronically submitted applications must be submitted no later than 11:59:59 p.m., ET, on the listed application due date.
Archive Date:	Jun 15, 2016
Estimated Total Program Funding:	\$35,000,000
Award Ceiling:	\$738,000
Award Floor:	\$0
Eligible Applicants:	Public housing authorities/Indian housing authorities Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Additional Information on Eligibility:	Native American tribes as defined at 4(13) of NAHASDA, Tribally Designated Housing Entities (TDHEs) as defined at 4(22) of NAHASDA. Resident associations of all kinds must have either locally-incorporated nonprofit status (usually designated by the state or tribal government) or 501(c)(3) nonprofit status designated by the IRS. Applicants must provide documentation with their application attesting to their designation as a locally-incorporated non-profit organization or a federally designated 501(c)(3)

nonprofit. Such documentation must include a copy of the 2015 federal annual information return submitted to the IRS (for 501(c)(3) applicants) or the state or tribal equivalent for locally-incorporated nonprofits. If this information is not submitted as part of the application, it will be requested during the deficiency period. Please see Section IV.B. "Content and Form of Application Submission" for more information. EDSC Provision. PHA applicants that are currently eligible to receive annual renewal funding under the Elderly/Disabled Service Coordinator (EDSC) program from the Public Housing Operating Fund that apply to serve elderly/disabled residents through this NOFA will forgo all future eligibility for EDSC funding through the Operating Fund. These applicants may apply and receive funding to serve families only without risking their EDSC funding. To confirm if your PHA is affected by this EDSC provision. When completing your ROSS-SC application, please pay special attention to the EDSC section on the HUD form 52768;ROSS Service Coordinators Funding Request; For-profit entities are not eligible to apply. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Agency Name:

Department of Housing and Urban Development

Description:

The purpose of the Resident Opportunity & Self Sufficiency (ROSS) Service Coordinator (SC) program is to assist residents of public and Indian housing in making progress towards economic and housing self-sufficiency. To accomplish this goal, ROSS provides grant funding to eligible applicants to hire Service Coordinators to assess the needs of public and Indian housing residents and link them to supportive services that enable participants to increase earned income, reduce or eliminate the need for welfare assistance, and make progress toward achieving economic independence and housing self-sufficiency. In the case of elderly/disabled residents, the Service Coordinator links participants to supportive services which enable them to age/remain in place thereby avoiding more costly forms of

entity. Refer to section I.A.4 for definitions of these terms as applicable to this program. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Agency Name:

Department of Housing and Urban Development

Description:

Choice Neighborhoods Implementation Grants support the implementation of comprehensive neighborhood revitalization plans that are expected to achieve the following three core goals: 1. Housing: Replace distressed public and assisted housing with high-quality mixed-income housing that is well-managed and responsive to the needs of the surrounding neighborhood; 2. People: Improve educational outcomes and intergenerational mobility for youth with services and supports delivered directly to youth and their families; and 3. Neighborhood: Create the conditions necessary for public and private reinvestment in distressed neighborhoods to offer the kinds of amenities and assets, including safety, good schools, and commercial activity, that are important to families; choices about their community.

Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Applicants must be owners of existing eligible federally assisted multifamily properties. 1. Eligible Multifamily Property: a. Must be a HUD-assisted development with at least 50 assisted housing units - Unit count may be a combined count of total number in a campus setting. The development must be occupied by Eligible Tenants as defined below. b. HUD-Assisted housing types are limited to: (1) Housing that is assisted under section 202 of the Housing Act of 1959 (12 U.S.C. 1701q), including housing that is assisted under section 202 as such section existed before the enactment of the National Affordable Housing Act (Public Law 101-625); (2) Housing for which project-based assistance is provided under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f), including Section 515 rural housing projects, as authorized under section 515 of the Housing Act of 1949 (42 U.S.C. 1485), receiving Section 8 rental assistance; (3) Housing financed by a loan or mortgage insured under section 221(d)(3) of the National Housing Act (12 U.S.C. 1715) that bears interest at a rate determined under section 221(d)(5) of such Act; or (4) Housing insured, assisted, or held by the Secretary, a State, or a state agency under section 236 of the National Housing Act (12 U.S.C. 1715z–1); c. Properties meeting the requirements of 1.a. and 1.b. of this subsection with an existing service coordinator on staff may apply for funding

Agency Name:

Description:

under this NOFA in order to hire the Wellness Nurse and implement this enhanced supportive service model. Acceptance of funding under this NOFA will require the Owner to comply with the requirements as detailed in this NOFA. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Department of Housing and Urban Development

HUD's investment under this Demonstration program is intended to facilitate aging in place by providing a supportive services subsidy to certain elderly restricted HUD assisted independent housing developments. The supportive service subsidy will (1) cover all reasonable cost related to the provision of a full-time enhanced service coordinator and part-time preventive health nurse as well as (2) allocate a nominal amount towards eligible services expenses for our aging residents. Elderly persons who have access to affordable, safe and accessible housing, who practice healthy behaviors, take advantage of wellness, preventive and long-term care services and supports, and those who continue to engage with family and friends are more likely to achieve better health outcomes, live independently, age in place and incur fewer health-related costs. Under this NOFA, HUD will evaluate the extent to which the selected housing plus supportive service models allow elderly persons to live independently and age in place, including improving general well being, improving health outcomes and health-care utilization, and preventing or delaying institutionalization. Funding priority will be given to those sponsors that evidence the ability to accomplish the following three goals: Strengthen the Availability of Supportive Services by effectively using the Service Coordinator to create and support partnerships between housing and supportive service providers to support aging in place; Support Aging-in-Place by fostering an environment that allows for elderly persons to live independently by accessing home and community-based supportive services that are designed to promote general well being, improved health outcomes; and Improve the evidence base on the effectiveness of Section 202 housing as a platform to improve health

outcomes by participating in an effort led by HUD (or its contractors and/or grantees) to develop standard procedures to be implemented by all sponsors/owners for (1) measurement of outcomes related to general well being; health and health-care utilization; and costs to the health care system; (2) implementation of the enhanced service coordinator model in the same way in all sites; and (3) enrollment of eligible applicants into a random assignment study. To achieve these goals, Sponsors/Owners must have a comprehensive approach to strategically implement a supportive services model that can support the needs of all residents. As a condition of the receipt of financial assistance under this program NOFA, all Sponsors/Owners will be required to cooperate with HUD staff, contractors, or grantees who perform HUD-funded evaluation of the 202 housing program. HUD envisions the study will be undertaken by independent researchers in collaboration with Sponsors/Owners.

General Section to HUD's Fiscal Year 2016 Notice[s] of Funding Availability for Discretionary Programs
(General Section)
Modification 1

Document Type:	Grants Notice
Funding Opportunity Number:	FR-6000-N-01
Funding Opportunity Title:	General Section to HUD's Fiscal Year 2016 Notice[s] of Funding Availability for Discretionary Programs (General Section)
Opportunity Category:	Discretionary
Funding Instrument Type:	Grant
Category of Funding Activity:	Community Development
Category Explanation:	
Expected Number of Awards:	0
CFDA Number(s):	
Cost Sharing or Matching Requirement:	No
Posted Date:	Sep 24, 2015

Creation Date:	Sep 24, 2015
Original Closing Date for Applications:	Dec 30, 2016 Electronically submitted applications must be submitted no later than 11:59:59 p.m., ET, on the listed application due date published in the individual program NOFA.
Current Closing Date for Applications:	Dec 30, 2016 Electronically submitted applications must be submitted no later than 11:59:59 p.m., ET, on the listed application due date published in the individual program NOFA.
Archive Date:	Jan 29, 2017
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	This Document is a policy document only. The individual program Notices of Funds Available (NOFA) will identify eligible applicants for each competition. Each Program NOFA will describe additional eligibility requirements for applicants. All applicants must have valid, active Registration in the System for Award Management (SAM) prior to submission of applications for financial assistance. HUD does not provide direct services or products to individuals through its formula-based programs or its competitive Program NOFA process. Individuals seeking financial assistance should refer to www.GovBenefits.gov . Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.
Agency Name:	Department of Housing and Urban Development
Description:	The General Section describes the requirements that are applicable to all HUD FY 2015 Program NOFAs. The General Section also provides information on HUD's priorities and strategic goals. Each Program NOFA will describe additional applicable procedures and requirements, including a description of the eligible applicants, eligible activities, threshold requirements, cross-program requirements such as nondiscrimination, environmental protection, and any additional program requirements or limitations. To adequately address all of the application requirements for any program, please carefully read and respond to both this General Section and any applicable Program NOFA.
